# KDOT repairing bridge deck on K-39

The Kansas Department of Transportation (KDOT) is making deck repairs to a bridge located on K-39 between U.S. 400 and U.S. 75. Crews are replacing failed concrete to extend the life of the bridge.

K-39 traffic is reduced to one lane at the bridge, controlled by signals. Expect delays of three to five minutes. Weather permitting, the road work should be finished by mid-May.

KDOT reminds drivers to obey the signals and to slow down in the work zone. Persons with questions may contact KDOT Superintendent Marcus Leck (620) 577-7313, or Public Affairs Manager Priscilla Petersen, (620) 902-6433.
